1. Chair's Announcement

The Chair announced the meeting would be recorded and made available on YouTube, in accordance with Council's Live Streaming and Recording of Meetings Protocols and as noted within the Agenda.

2. Public Forum

2.1 BOP School Strike 4 Climate NZ (BOP SS4C)

2021 Demands and the Importance of Action

Presented by: Isaac Jarden and Zara Barlow.

Key Points:

- SS4C was a national initiative made up of localised regional groups.
- BOP SS4C sought Regional Council:
 - Decarbonise the transport sector and reduce private transport usage via incentivising initiatives, increasing bus and cycle lanes, and creating car-free centres in Mount Maunganui and Downtown.
 - Educate and increase youth involvement in decision making and civics education, through school visits and memorable hands-on initiatives.
- Councillors had a responsibility to the youth of tomorrow to take action on climate change, and it should be at the forefront of decision making.
- SS4C had approached Parliament and other regional councils with their demands.
- Free school buses gave equity to those who could not otherwise afford it and made it a more accessible and convenient option.

Key Points - Members:

- Requested the presentation go to other TLAs around the Region due to some of the demands being outside Regional Council's purview.

3. Order of Business

The Operating Environment (Item 8.1) would be considered at the end of the public section..

4. Declaration of Conflicts of Interest

Cr Nees declared an interest in Agenda Item 8.7, Nominations for the Freshwater Hearings Panel to hear Proposed Change 5 (Kaituna River) to the Bay of Plenty Regional Policy Statement and abstained from discussion and voting.

Following advice, Cr McDonald also declared an interest in Agenda Item 8.7, Nominations for the Freshwater Hearings Panel to hear Proposed Change 5 (Kaituna River) to the Bay of Plenty Regional Policy Statement and abstained from discussion and voting.

6. Reports

Strategy

6.1 Climate Change Overview: implications of Climate Change Commission's advice and legislative changes

Presented by: Chris Ingle – General Manager, Integrated Catchments and Jane Palmer – Senior Planner Climate Change.

Presentation: Climate Change Overview: Objective ID A3792537

Key Points:

- Amendment within report, section 3.2, page 9, bullet point 1 to read: 'Greenhouse gases will be a policy/consenting consideration for local government in terms of managing discharges (effective from 31 December 2021).'
- Mode shift and climate change was a complex matter.
- Work underway on transport, urban development, land use, and land use change would impact climate change.
- Staff were working with other agencies and sharing learnings in order to prepare to meet targets once agreed.
- Focussed on a cost-effectiveness basis, e.g. increasing insulation rather than alternative power generation.

Key Points - Members:

- Sought further action on climate change and mode-shift away from private vehicles.
- Requested an update on Bay of Connection's Climate Change and hydrogen generation presentation.

Resolved

That the Strategy and Policy Committee:

- 1 **Receives the report, Climate Change Overview: implications of Climate Change Commission's advice and legislative changes.**
